## EXPERIENCE

### SHORT TERM INTERNSHIP Mar 2024-June 2024 GOOGLE AI-ML VIRTUAL INTERN

- Demonstrated proficiency in programming languages such as Python and proficiency with relevant data manipulation and visualization tools.
- Networked with peers and professionals in the AI and ML community through virtual events and workshops
- Developed machine learning models and algorithms under the guidance of experienced researchers and engineers
- Collaborated with cross-functional teams to address technical challenges and optimize AI-driven solutions.
- Managed a process re-engineering project to improve and consolidate end-to-end service processes; restructured communication flow among 10 departments and cut down paperwork

## ADDITIONAL SKILLS

- **Technical Skills:** Python, Java, C , DSA
- **MS-PACKAGE:** MS-OFFICE, EXCEL
- **DATABASE :** SQL
- **Languages :** English, Hindi and Telugu
- **Soft Skills:** Employed active listening skills to gather comprehensive client feedback, resulting in a 25% increase in customer satisfaction

### Achievements:

- Qualified in GATE Examination Test
- Contributed to open-source projects or participated in hackathons, demonstrating initiative, creativity, and a passion for technology.
- **Participation in IEEE Explore Event connected with Yesist**
- Developed and presented a project in utilizing wave power for electricity generation. Engaged in collaborative research, design, and problem-solving in propose sustainable energy solution. Demonstrated effective teamwork and innovation.

## EDUCATIONS

### R.G.M COLLEGE

NANDYAL

Aug 2021 – Mar 2025

- CSE\_DS
- DATA SCIENCE
- Cumulative GPA:8.0(UPTO 4<sup>th</sup> SEM)

### BOARD OF INTERMEDIATE EDUCATION

NANDYAL

Jun 2019-Apr 2021

- RAO'S JUNIOR COLLEGE
- MPC
- Cumulative GPA: 6.5

### BOARD OF SECONDARY EDUCATION

NANDYAL

Jun 2018-Apr 2019

- SSC
- Cumulative GPA: 9.0

## COURSES AND CERTIFICATES

- Certified Cybersecurity from AICTE **July 2023**
- Certified BIG DATA Analysis from Infosys **Sep 2023**
- Issued by SkillDzire Datascience **Jan 2024**
- Issued by NPTEL of Internet Of Things **Apr 2023**
- Earned Intelligent Automation by Blueprism **Mar 2024**

## ACTIVITIES

### LEADERSHIP

Oct 2022

#### HEAD OF EVENT

- Conduct research or surveys within the community to understand their agricultural challenges and needs. Identify factors such as soil degradation, low crop yields, pest and disease issues, or lack of access to resources
- Plan and organize 10+workshops or training sessions for community members where you will educate them about crop rotation practices.

## PROJECTS

### COMMUNITY SERVICE PROJECT

Sep 2022

- Participated in a community-driven initiative focused on 70% of implementing sustainable agricultural practices, with an emphasis on crop rotation.
- Collaborated with +4 a team members of volunteers to develop crop rotation plans tailored to local soil conditions and crop varieties.
- Assisted in preparing planting areas, rotating crops according to the established schedule, and monitoring crop health and soil quality throughout the growing season.
- Engaged with community members through educational workshops and outreach activities to promote the benefits of crop rotation and sustainable farming practice.
- **Number Guessing Game**

This game is about creating an interactive game that will display scores and a person has to guess the number. There will be hints displayed every time the user guesses a wrong number. The objective of creating this project is to challenge our brains and add some fun while learning (Number Guessing Game)
